The Public Works crew would like to thank the very generous residents of Cheverly who brought food to the office during the historic snow storm in February. Knowing there was breakfast, lunch and dinner waiting back at the office made the long hours of plowing tolerable.

## Message from the Chief

Buddy Robshaw (policechief@cheverly-md.gov)

**OUTSTANDING COMMUNITY RESPONSE** – With the recent deluge of snow, accompanying poor visibility, and icy road conditions, it would not have been unusual for public safety personnel in the Town to be stressed to the maximum responding to all types of calls in such hazardous conditions. Instead, Town residents displayed an outstanding sense of awareness and patience. With the exception of some stranded motorists and a small number of parking violations, the Cheverly Police Department responded to very few complaints from residents during this difficult period. In addition, the vast majority of accidents handled by the Department did not involve Cheverly residents and traffic, while clearly obstructed in most situations, was kept to a minimal to further the Public Works attempt to maintain our roads. I would like to take this opportunity to thank all the residents of Cheverly who showed such outstanding patience and understanding for their fellow neighbors and for members of the public safety community. What could have been a terrible situation was indeed lessened by a true sense of public awareness and a furthering commitment to make Cheverly both safe and peaceful.

**SPECIAL RESPONSE TEAM** – The CPD recently conducted a department-wide assessment to determine how we might respond more efficiently to crime and public service issues around the Town. As a result of this assessment, I have created a new division within the Department called the Special Response Team (RST). RST now combines specific personnel previously assigned to criminal investigations, traffic safety, community policing, and selective enforcement functions into a full-time unit. This unit, composed of a sergeant and four officers, will ensure a rapid response to crime issues, enhance our surveillance capabilities, allow the Department to maintain fully functioning patrol squads, reduce overtime costs and the constant need to temporarily reassign officers, and quickly allow the Department to respond to daily traffic and neighborhood complaints. Most importantly, it will allow these officers to develop and maintain neighborhood partnerships that are at the very forefront of the CPD's crime reduction initiatives.

**C-PACT/CHEVERLY WATCH RESIDENT RADIO PROGRAM MEETING** – There will be a joint meeting of C-PACT (Cheverly – Citizens and Police Together), Cheverly's Neighborhood Watch Organization, and the Cheverly Watch Resident Radio Program on Tuesday, March 9, 2010, at 7:00 PM in the Police Department Conference Room.

**WE NEED YOUR VEHICLE DONATIONS** – Vehicle donations in 2009 enabled the Department to purchase new firearms, Tasers, Town radio equipment, and other equipment items. In order to continue this trend toward purchasing new equipment, the Department needs more donated vehicles. In addition to selling these vehicles, the Department is now looking for surveillance vehicles to supplement SRT operations in 2010. The biggest advantage to donating your vehicle to the Cheverly Police Department in lieu of a number of other worthy causes is that you can actually see your donation dollars at work.

**RIDE ALONGS** – Please consider riding along with a Cheverly police officer in the coming year. ### Behind the Sidewalk - Spring Tree Planting

The Town Council has allocated funds for the purpose of renewing the Cheverly tree canopy to ensure we retain our "Tree City USA" title. We are looking for citizens who want to plant trees in their yards behind the town sidewalks. Did you know that trees planted behind the sidewalk are much more likely to survive and thrive than those planted in between the curb and the sidewalk? Trees planted behind the sidewalk can grow to their full potential undisturbed by telephone wires and cramped street boxes. If you look at the most notable trees in our town, they mostly reside "behind the sidewalk". These trees not only improve home values, they actually help cool your homes when the summer sun beats on your roof. If you would like the town to plant a tree in your yard please drop an e-mail to Michael Geise (**MICHAEL GIESE** <[mg9588a@msn.com](mailto:mg9588a@msn.com)>) or [cheverlytreecommission@yahoo.com](mailto:cheverlytreecommission@yahoo.com)
